

## ICAR-CAFRI celebrated the 76<sup>th</sup> Independence Day

ICAR-Central Agroforestry Research Institute, Jhansi celebrated the 76<sup>th</sup> Independence day commemorating the 75 years of Indian independence with zest and fervour. The national flag was hoisted by the Director of the institute. The institute security staff gave the guards of honor. Dr. Rajendra Prasad, Pr. Scientist, addressed the event and recalled the sacrifices and efforts made by freedom fighters, security personnels and farmers to make India an independent and self-sufficient nation. In his speech, he emphasized on the achievements made by the ICAR and CAFRI for the social welfare. He also highlighted the role of agroforestry in the current context for achieving the environmental and livelihood sustainability in the country. He wished a wonderful and prosperous future ahead.

As a part of 'Har Ghar Tiranga' programme launched by the Government of India, the tricolor national flags were also hoisted during 13-15 August, 2022 at different locations within institute including office building, guest house, canteen, residential colonies, sports complex to evoke the patriotic and nationalist emotions amongst employees, their families and other visitors. A small cultural and sports event was also organized for children to double the joy of independence followed by prize distributions to the winners. The event was co-ordinated by Dr. Inder Dev, Principal Scientist, ICAR-CAFRI, Jhansi.
